

## Accident Insurance

# Your plan for the unexpected

**Accidents can happen to anyone, at any time.** Could you afford the financial impact if one happened to you or someone in your family? With accident insurance, you can be better prepared for the unexpected.

### Why accident insurance?

Even with major medical insurance, your out-of-pocket health care costs can be substantial. Accident insurance can help you offset your deductible, copay or coinsurance requirements while paying little to nothing from your own pocket.

Benefits can also be used to pay for other expenses that may follow an accident, such as medical supplies, help with child care or anything else you may need.

### How it works

Accident insurance pays benefits for certain injuries resulting from an accident—like a broken arm from a fall—as well as for medical services that help diagnose and treat those injuries. Each covered injury and medical service has a preset benefit amount, and benefits are paid directly to you, regardless of what your major medical plan has already covered.

## Frequently asked questions

### Will I receive reduced benefits from Symetra if another insurance plan covers my medical costs?

No. We'll still pay your full benefit, even if another insurance plan has already picked up some or all of the bill.

### Is it easy to use my supplemental health benefits?

Yes! Watch this [brief video](#) to learn how to make the most of your benefits.

### Why should I enroll during annual enrollment?

If you don't enroll in coverage during annual enrollment, you'll have to wait until the following year's annual enrollment, unless you have a qualifying life event like a marriage, divorce or birth of a child.

### If I enroll now, will I be automatically reenrolled in the plan next year?

It depends, based on how your employer sets up annual enrollment. You may need to review all your selections and reelect coverage. The other option automatically reenrolls your current selections. Be sure to review your enrollment instructions and connect with your benefits representative if you have questions.

### Once I'm enrolled, how will I file a claim?

You'll have access to a user-friendly online platform where you can submit claims in just a few minutes. And if you have other group coverage with Symetra, we'll automatically check to see if you're eligible for additional benefits.
